

KS2

	Year 3	Year 4	Year 5	Year 6
Autumn 1	Unit 1: Biology What do plants need to Grow?	Unit 1: Biology Living things and habitats	Unit 1: Biology Life Cycle	Unit 1: Biology Living things, habitats and human systems
Autumn 2	Unit 2: Chemistry Rocks and Soils	Unit 2: Chemistry Solids, Liquids and Gases	Unit 2: Chemistry Gases all around us	Unit 2: Chemistry More about dissolving
Spring 1	Unit 3: Physics Light and Shadows	Unit 3: Physics Changing Sounds	Unit 3: Physics Earth, Sun and Moon	Unit 3: Physics Light and Forces
Spring 2	Unit 4: Biology Nutrition / Teeth and Humans	Unit 4: Biology Moving and growing	Unit 4: Biology Fit and Healthy	Unit 4: Biology Evolution, inheritance and microorganisms
Summer 1	Unit 5: Chemistry Characteristics of Materials	Unit 5: Chemistry Temperature and keeping warm	Unit 5: Chemistry Changing State	Unit 5: Chemistry Reversible and irreversible changes
Summer 2	Unit 6: Physics Forces and Magnets	Unit 6: Physics Electricity	Unit 6: Physics Forces and Friction	Unit 6: Physics Electricity
