## 1. Introduction

### 1.1 Purpose of the procedure

The purpose of this procedure is to provide a framework for all staff and volunteers within The Rise School & Sixth Form. It should be used to prevent and reduce the risk of abuse to all adults who use Ambitious about Autism's and Ambitious about Autism Schools Trust's services or come into contact with staff or volunteers. The procedure details the steps the individuals and key people are expected to take.

### 1.2 Background and need

This policy and its associated procedure are mandatory for all staff and volunteers, as they must be aware of their individual and collective roles and responsibilities in safeguarding and protecting adults at risk from abuse and neglect.

At The Rise School & Sixth Form we recognise our responsibilities as set out in the [London Multi Agency Adult Safeguarding policy and procedures updated \(June 2019\)](#).

The legislative and regulatory requirements that The Rise School & Sixth Form has to comply with in their safeguarding policies and procedures regarding adults at risk of abuse or neglect are set out in the Care Act 2014, the [Care Act factsheets and specifically factsheet 7: \(Safeguarding\)](#) and in [Chapter 14 of the Care and Support Statutory Guidance](#) issued under the Care Act 2014.

### 1.3 Link to Mission and Beliefs

The Rise School & Sixth Form exists to help children, young people and adults with autism to learn, thrive and achieve. This can only be attained if young people and adults are safeguarded and protected from abuse and neglect and, where appropriate prevented from becoming at risk of abuse.

### 1.4 Outcomes

As a result of the policy and associated procedure being followed, adults at risk will be better protected from the impact of abuse and neglect. The staff, volunteers, governors and trustees will take the necessary steps to safeguard and protect adults at risk, where outlined in procedures, contacting statutory agencies and/or if appropriate, discussing concerns with the adult at risk (and on occasions when appropriate their parents/carers or advocates).

## 2. Key Principle

- This policy and corresponding procedures aim to achieve a culture within The Rise School & Sixth Form, in which a proactive approach is taken to safeguarding, promoting and protecting the rights of adults with autism.
- All adults that use The Rise School & Sixth Form services have the right to live a life free from abuse, harm and neglect regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity.
- All allegations, concerns or suspicions of abuse or neglect are taken seriously and responded to within the steps laid out in the corresponding procedure.
- To work in partnership with adults who receive a service as much as is possible and appropriate.
- To work in partnership with the local Safeguarding Adults Partnerships and comply with the London multi-agency Safeguarding Adults Procedures.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

- All staff have a responsibility to ensure they are informed, trained, and understand their duty to operate within this policy and procedure.
- All staff and volunteers have a shared responsibility to take appropriate steps to protect adults at risk.

### 3. The Policy Statement

- This policy and associated procedure apply to all staff, volunteers, governors, trustees, representatives of The Rise School & Sixth Form, including agency, temporary and volunteer staff.
- The Rise School & Sixth Form has Zero Tolerance to all forms of abuse and neglect of children.
- The Rise School & Sixth Form is committed to the prevention of, and protection from, abuse and neglect of all adults at risk of abuse or neglect who come into contact with the organisation through its staff, volunteers or representatives, in whatever capacity that contact occurs.
- The Rise School & Sixth Form is committed to taking all necessary steps to stop abuse happening, whether that abuse is perpetrated by staff, volunteers, family members, members of the public or other service users.
- The Rise School & Sixth Form is committed to its duty of care to all adults it has contact with. If there are concerns about staff or volunteers perpetrating abuse, it will facilitate any action required to address this without delay. This will include actions required to address abusive behaviours and attitudes. On occasions, when staff have been dismissed because of concerns about abuse or neglect, they will be referred by The Rise School & Sixth Form to the Disclosure & Barring Service (DBS) and professional bodies.
- The Rise School & Sixth Form is committed to ensuring that adults at risk of abuse or neglect are given information, advice and support in a form that they can understand and also have their views included in all forums where decisions are made about their lives.
- The Rise School & Sixth Form is committed to working in partnership with parents and carers of service users. In respect of adults who use the services of the charity, that partnership will be with their consent, when this is required and appropriate.
- The Rise School & Sixth Form will publish online the Adult at Risk Safeguarding Policy and Procedure. In addition, it will inform, in an appropriate format, all adults who use their services, that The Rise School & Sixth Form has a duty to contact the local authority Adult Social Care department if there are concerns that an adult at risk may be being abused.
- All parents/carers will be reminded annually that the school and sixth form has a duty to contact the local authority Adult Social Care department if there are concerns that an adult at risk may be being abused.
- The Rise School & Sixth Form is committed to providing a curriculum that enables adults and other users of its services to learn to keep themselves safe and how to raise concerns if they do not feel safe in all aspects of their lives.
- The Rise School & Sixth Form is committed to ensuring that senior members of the organisation will be without delay, fully briefed and consulted with by staff on any concerns about abuse or neglect: the process for this is detailed in the procedure.

The Director of External Affairs is the **Alerting Manager / Designated Safeguarding Adults Lead** for the wider charity services working with autistic adults outside of our schools and sixth form.

The Director of Education (Organisational Lead) has overall responsibility for all safeguarding matters within the charity.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

- The Rise School & Sixth Form is committed to working within the London Multi Agency Adult Safeguarding policy and procedures (June 2019) and the procedures of any other local authorities where any adult at risk may reside.
- The Rise School & Sixth Form is committed to ensuring all staff and volunteers, including those with designated responsibilities, have received appropriate levels of up-to-date safeguarding training.

#### 4. Risk Assessment

Should this policy and associated procedure be ignored or disregarded, the possible outcomes are:

- **For adults at risk of abuse or neglect** – placed at further risk of harm and neglect.
- **For staff and volunteers** – may be subject to inquiry, investigation internally or externally for failing to take appropriate steps, internally may then be subject to a disciplinary process.
- **For the Alerting Managers, the Chief Executive and Board of Trustees and the Governing Bodies** – possible inquiry and report from the Charities Commission and regulators or recommendation from local authorities to regulators.
- **For Ambitious about Autism Schools Trust** – possible risk of public scrutiny and ultimately risk of prosecution and/or additional inspections from regulators and ultimately deregistration. All of the above can lead to negative media attention and damage to the reputation of the Charity.

#### 5. Definitions

**Safeguarding Adults at risk of abuse or neglect** means protecting an adult’s right to live in safety, free from abuse or neglect, while at the same time making sure that the adult’s wellbeing is promoted including, where appropriate, having regard to their views, wishes, feelings and beliefs in deciding on any action.

##### The Safeguarding duties apply to an adult who:

- Has needs for care and support (whether or not a Local Authority is meeting any of those needs);
- Is experiencing, or at risk of, abuse or neglect;
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

Most adults that use The Rise School & Sixth Form services are likely to fall within these definitions should they be at risk of abuse or neglect, generally, though not always, as a result of a lack of capacity within the meaning of the [Mental Capacity Act 2005](#).

**Abuse and Neglect:** Refers to: ‘ill-treatment (including sexual abuse and forms of ill treatment that are not physical); the impairment of, or an avoidable deterioration in, physical or mental health; and the impairment of physical, emotional, social or behavioural development’. (*Who Decides?*” [Law Commission, 1997](#)).

**Abuse** was defined by ‘[No Secrets](#)’ (2000, [DH and Home Office](#)) as: ‘...a violation of an individual’s human and civil rights by any other person or persons’.

#### 6. Legal requirements

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

For The Rise School & Sixth Form to meet their regulatory and statutory responsibilities, the following legislation and associated guidance are of significance (N.B. This is not an exhaustive list).

- The principal source (since 2015) is the Care Act 2014 (section 42). This defines abuse and sets out the statutory duties and the institutional responsibilities for those duties.
- The (Care Act) Care and Support Statutory Guidance provides the detail in relation to both the meaning of wellbeing and safeguarding. Chapter 14 sets out in detail the duties found in sections 42 to 46 of the Care Act, including definitions of the aims and objectives of Adult safeguarding activity and a representative range of types of adult abuse and neglect.
- Following publication of the Statement of Government Policy on Adult Safeguarding in 2011, the pan-London Adult Safeguarding Editorial Board issued Protecting adults at risk: London multi-agency policy and procedures to safeguard adults from abuse in conjunction with Social Care Institute for Excellence (SCIE). This document was updated and reissued in June 2019. Hounslow (and most other London Boroughs) continue to use these procedures.
- SCIE has published a range of advice on Safeguarding, specifically guides on the Care Act 2014, and e-learning resources on adult safeguarding.

The Rise School & Sixth Form services that are regulated must comply with service-specific regulations, which include ensuring there are measures in place for the prevention of abuse.

- [Use of Reasonable Force in schools: Advice for Head Teachers, Principal, Staff and Governing Bodies \(DfE 2013\)](#).
- [Guidance on the Use of Restrictive Physical Interventions for Pupils with Severe Behavioural Difficulties \(DOH/DfES 2002\)](#)
- [Disclosure and Barring Service 2012 \(last updated guidance 2018\)](#)

**Also relevant:**

- The Education and Inspections Act 2006
- The Health and Social Care Act 2008
- The Regulated Activities Regulations 2014
- The Care Quality Commission (Registration) Regulations 2009 (as amended, March 2015)
- Mental Capacity Act 2005 and the Mental Capacity Act Code of Practice 2007 (*both to be updated when the Mental Capacity (Amendment) Act 2019 come into force in 2020/21*)
- Health and Safety at Work Act 1974
- Moving and Handling Operations Regulations 1992 (2002)
- Human Rights Act 1998
- Sexual Offences Act 2003
- Safeguarding Vulnerable Groups Act 2006
- Protection of Freedoms Act 2012

**7. Areas of responsibility**

- **Everyone’s responsibility:** safeguarding and protecting adults who use Ambitious about Autism’s services from abuse and neglect is the responsibility of all staff, volunteers, governors, and trustees who work for, or represent, Ambitious about Autism. This includes a responsibility to ensure they are informed and trained to an appropriate level. It has become accepted terminology to refer to the person who initially raises the concern as the alerter. This can be anyone.
- All staff, volunteers, governors, and trustees are expected to report and discuss any concern to either the **Alerting Manager (Safeguarding Adults Lead)** within The Rise School & Sixth Form or the Charity Lead without delay. The seniority of the **Alerting**

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

**Manager (Safeguarding Adults Lead)/** Director should never be a block to anyone raising a concern.

- **Alerting Manager (Safeguarding Adults Lead)**

The Assistant Head of school (Pastoral) is the **Alerting Manager (Safeguarding Adults Lead)** for The Rise School and as such has lead responsibility for responding to concerns about the abuse of adults at risk within The Rise School.

The Director of External Affairs is the **Alerting Manager (Safeguarding Adults Lead)** for the wider charity services involving adults.

This includes the expectation that they will be aware of any concerns and ensure these procedures are competently implemented in the school/sixth form or wider charity services. The Head of school is responsible for ensuring that safer recruitment processes are followed.

In these roles the Alerting Manager will always brief the Director of Education who is the Charity Lead on all concerns and intended actions who will then, dependent on the level of seriousness of the concern, brief the Chief Executive, Chairs of Governing Bodies and/or Chair of the Board of Trustees. On complex or challenging safeguarding matters the Alerting Manager will consult with the Charity Lead. The Charity Lead carries the overall responsibility for all safeguarding matters within the charity as a whole.

- **The Alerting Manager (Safeguarding Adults Lead)** for each setting also has a responsibility to publish online the Safeguarding Policy and Procedure, as well as each year informing all parents/carers that the school/sixth form has a duty to contact the local authority Adult Social Care department and/or the police if there are concerns that an adult may be being abused.
- **The Charity Lead (The Director of Education)** – has overall responsibility for all safeguarding matters. He/she will also be required to offer consultation to the Alerting Managers on any matters which are seen as complex or challenging. The Charity Lead will always brief the Chief Executive and/or Chair of Trustees, dependent on the level of seriousness of the concern.

The Alerting Managers and Charity Lead have responsibility for ensuring all appropriate actions have been taken and for providing staff, volunteers, governors, and trustees with the guidance required. The only occasion when one of them should not be informed of a concern is if they are themselves implicated in abuse; in such circumstances staff will always go to the other above named senior member of staff.

Policy Owner

Director of Education

Review Date:

December 2022

Policy No.

001c

Version No.

3.0

In the event of a safeguarding incident being reported when the Charity Lead is not in office one of the above leads will step in to deal with the report.

**AaAST Safeguarding Board** meets termly to monitor and review the effectiveness of safeguarding arrangements including these procedures to safeguard adults at risk. The board reports to the Trustees.

## 8. Procedure details

If you have a cause for concern that an adult is in immediate danger or risk of harm, you must report it verbally immediately to adult's social care and/or the police. You must inform the DSL and Alerting Manager verbally within two hours and enter a written report on BehaviourWatch within 24 hours.

If no designated person is available, or the concerns are not within the school/sixth form, then the Director of Education should be reported to directly.

The procedures detailed here are mandatory and must be followed. The flow charts that accompany these procedures constitute the basic outline of the process that needs to be considered; each box on the flow chart has a related paragraph in these procedures. Procedures cannot predict every set of circumstances, and if any member of staff/volunteer is dealing with a safeguarding matter, then they should raise concerns without delay, seek support through supervision and debrief with a senior manager at each stage of the process.

### **Responding to concerns that an adult may be being abused or neglected**

Also refer to flow chart Appendix 5.

### **Recognition of signs and indicators of abuse**

Recognition of the signs and indicators of abuse poses considerable challenges for most professional staff who work with adults and who do not deal with protection and safeguarding issue on a day-to-day basis. This is, in part because the notion of adults being at risk of abuse or neglect is one which is relatively new to our society in comparison to the longer term acceptance of concerns of abuse for children and the now well established systems in place. Identifying abuse of adults with disabilities who may also present with a range of behaviours that challenge is not straightforward. It is crucial to effective safeguarding that all staff and volunteers are able to recognise signs and indicators of abuse and this requires acceptance that adults with autism are more likely to be abused than adults without disabilities.

Appendix 1 offers a range of indicators and signs of abuse as well as examining some of the potential blocks to recognition and factors which can inhibit the taking of appropriate steps. If the member of staff or volunteer believes that an adult is at immediate risk of harm or abuse, they will take immediate and reasonable steps to protect the adult. However, such situations are very rare and in most circumstances staff will raise a concern following the process below.

### **Raising a concern**

Staff will raise a concern by reporting directly, and without delay, to the Alerting Manager (Safeguarding Adults Lead) by creating a log on BehaviourWatch or where there is an immediate risk of harm by speaking directly to the Alerting manager.

This is the Assistant Head of school (Pastoral) at The Rise School.

If no Alerting manager is available, or the concerns are not within the schools/sixth form, then the Director of Education should be reported to directly. Immediately after raising a concern verbally,

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

staff will also make a detailed account on BehaviourWatch of what they have seen, observed or heard. The member of staff or volunteer who noted and raised the concern is known as the alerter; adult social care or the police may wish to speak to the alerter at some point. If there was an additional member of staff raising the concern, they should be listed as an additional witness on the detailed account on BehaviourWatch: raising one concern instead of two logs being created.

### Recording

The keeping of accurate and prompt recording is fundamental to effective safeguarding and all staff and volunteers have a responsibility to ensure all concerns are recorded appropriately. This requires those who raise concerns to make a written record on BehaviourWatch within two hours of raising any concerns.

The adult safeguarding facility within Behaviourwatch ensures that the following information is secured. If for some reason an individual with concerns is not able to access BehaviourWatch (a visiting professional for example) they should make a written record of their concern which should include:

- Who they have concerns about (name of adult at risk);
- In the view of the staff member does the adult at risk have the capacity to understand the concerns and that they may have been abused;
- What has been shared with the adult at risk about the concerns and what response have they made;
- If the adult at risk has capacity to understand the involvement of other agencies what have they said about this;
- Date and time they are making the record;
- Date and time the incident occurred (if this is known);
- What was observed, heard or noted that led to the concern being raised;
- Source of information (if the concern was not directly observed i.e. a parent informs a member of staff that he/ she has seen abuse indicators);
- Behavioural observations (noting that this is one of the most likely ways in which a member of staff is likely to note concerns);
- If an adult at risk has made an allegation or disclosure, what was said or communicated
- Which senior manager within Ambitious about Autism/Ambitious about Autism Schools Trust has been reported to (in line with these procedures) and what initial actions were agreed;
- This record must be signed and time/dated by the person making the recording and the Alerting manager in the school or sixth form.

When reporting a concern to the local authority, the Alerting Manager (Safeguarding Adults Lead) will inform the Local Authority that a written record of the concern is available and will e-mail details of the concerns to the Local Authority if requested. Any details in relation to the adult concerned must be communicated in a secure way in line with our Data Protection Policy.

If at any stage The Rise School & Sixth Form or the Local Authority decide that no further action is to be taken, then the reason for this and who made the decision will be recorded.

All subsequent actions/events following the reporting of a concern should be recorded on BehaviourWatch as should any documentation received from the Local Authority, police or other agencies.

### 9. Confidentiality and storage of safeguarding concerns

In The Rise School the Alerting Manager (Safeguarding Adults Lead) has responsibility to ensure all concerns within the school/sixth form are recorded, monitored and secured.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

The responsibility for concerns that are not about pupils/learners at the schools/sixth form that are recorded, monitored, and secured is the responsibility of the Director of External Affairs.

Any paper records will be kept in a locked cabinet and in a secure place within the main school or sixth form buildings. The Rise School & Sixth Form is a multi-site provision so a secure place on each site is provided. Records will not be taken off the site without the express written permission of the Director of Education. Access to these records will be strictly limited on a need to know basis and controlled by the Alerting Managers (Safeguarding Adults Lead) and the Charity Lead and the Chief Executive.

All electronic records will be held in BehaviourWatch (a digital recording system with a discrete safeguarding facility with the required security certificates) with access limited by the Alerting Managers (Safeguarding Adults Lead). Where anyone other than the Alerting managers and Director of Education need access to the paper or digital records relating to an adult at risk, this will be recorded on the chronology. If records are sent outside of the organisation then the records would be password protected and/or sent via an encrypted email system such as Egress Switch.

Electronic records relating to safeguarding concerns including e-mails and reports will be saved into the adult's safeguarding record on BehaviourWatch they are received or sent.

Safeguarding records will be kept separately from education files/ records. If a service user transfers to another service, The Rise School & Sixth Form will provide the new setting with a summary of any outstanding concerns and the names/contact details of key professional from other agencies who are aware of the concerns. Wherever possible, this will be with the knowledge and consent of the service user who is the subject of the data; however, under GDPR and the Data Protection Act 2018, AaAST may share the information without consent if in our judgement this is necessary to protect an adult from abuse or harm.

Adults at Risk with capacity can, should they choose, request access to anything that is recorded about them. Therefore anyone recording safeguarding issues should consider this and ensure that records are factual, clear and where opinion is expressed it should be recorded as such and distinguished from fact.

### **Initial fact finding**

It is reasonable to check some basic facts prior to alerting other professionals. The Alerting Manager (Safeguarding adults lead) will always lead on initial fact finding. They may delegate specific tasks of the initial fact finding to staff unrelated to the concerns. Initial fact finding should involve checking files and recent records and clarifying basic facts with key staff including the alerter, as well as discretely asking other staff who have had recent contact with the adult to ascertain if they have any issues or concerns.

Initial fact finding should never involve asking an adult at risk to discuss the concerns or repeat a disclosure or allegation that has been made.

Initial fact finding can lead to the Alerting Manager (Safeguarding Adults Lead) deciding that there are no protection concerns that warrant a referral to Adult Social Care or the Police. In such circumstances, when no further action is being taken, then the decision needs to be recorded and conveyed to the Charity Lead.

### **Concern that an adult may be at risk of significant harm by staff, volunteers, parents, carers or someone known to the adult**

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

If the concerns and initial fact finding lead to the conclusion that an adult may have been harmed or at risk of significant harm, then the Alerting Manager (Safeguarding Adults Lead) will raise an alert to the Adult Social Care Department in the Local Authority area where the adult at risk lives or in the case of this being a concern about a member of staff or volunteer then, Hounslow (or where applicable other Local Authorities) Adult Social Care Department will be contacted. Involving the adult at risk.

It is important that, prior to making a referral to Adult Social Care or the police, timely consideration has been given to the ability of the adult at risk to understand the concerns, and whether they have an ability to give consent to concerns being raised with other agencies. It is likely that one of the first questions that the local authority is likely to ask is 'Does the adult at risk have capacity?' This refers to capacity as defined under the Mental Capacity Act 2005, which is explained in more detail in Appendix 2.

**In brief:**

It is always essential in safeguarding to consider whether the adult at risk is capable of giving informed consent. If they are, their consent should be sought prior to making a referral. This may be in relation to whether they give consent to:

- An activity that may be abusive – if consent to abuse or neglect was given under duress, for example, as a result of exploitation, pressure, fear or intimidation, this apparent consent should be disregarded.
- A Safeguarding Adults investigation going ahead in response to a concern that has been raised.
- Where an adult at risk, with mental capacity, has made a decision that they do not want action to be taken and there are no public interest or vital interest considerations, their wishes must be respected. This may present challenges at the school, sixth form or in other services, if the adult also asserts they do not want their parents or carers to be informed. The person must be given information, have the opportunity to consider all the risks and fully understand the likely consequences of that decision over the short and long term.

If, after discussion with the adult at risk who has mental capacity, they refuse any intervention, their wishes will be respected *unless*:

- There is a public interest, for example, not acting will put other adults or children at risk.
- There is a duty of care to intervene, for example, a crime has been or may be committed.

In such circumstance in the above two points, an alert to the Adult Social Care Department must be made. When there are concerns that a crime has been committed, then the police should also be informed. An allegation of abuse or neglect of an adult at risk, who does not have capacity to consent on issues about their own safety, will always give rise to action under the Safeguarding Adults process and subsequent decisions made in their best interests will be made in line with the Mental Capacity Act and Mental Capacity Act Code. Section 44 of the Act makes it a specific criminal offence to wilfully ill-treat or neglect a person who lacks capacity.

**Raising an Alert**

To raise an alert with the Adult Social Care Department will require a lot of information to be shared. This should happen without delay by telephone. All London Local Authorities now have forms that will also be required to be completed once the telephone referral has been made. The telephone call will require information sharing, which is detailed in Appendix 3, (Checklist for Preparing to make a referral).

The Alerting Manager (Safeguarding Adults Lead) will inform the Charity Lead and Chair of school or sixth form Governors or other as appropriate. The Charity Lead in turn will brief and keep updated the Chair of Trustees as appropriate.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

## **The Local Authority decision to accept or not, the concern of an adult at risk**

Adult safeguarding processes have historically evolved out of serious concerns for adults living in institutional settings; therefore an Adult Social Care Department may attempt not to accept the nature of the concern, if the abuse is within a family setting. For example, they may attempt to classify the concern as domestic violence. In such circumstances advice should be carefully recorded and any signposting to other agencies followed without delay.

If the concerns are accepted as an adult at risk:

- If the adult at risk has capacity, the Local Authority will arrange to speak with the adult to clarify facts and to find out from them what is happening, discuss the concerns and carry out a risk assessment with them. This will establish if they understand the risk and what help they may need to support them to reduce the risk if that is what they want. The Local Authority will want to be satisfied that the ability to make an informed decision is not being undermined by the harm they are experiencing and is not affected by intimidation, misuse of authority or undue influence, pressure or exploitation, if they decline assistance.
- If the adult at risk does not have capacity, then their capacity will be appropriately assessed as soon as possible; in safeguarding, this is a process that the local authority will lead on. If it is established that the adult at risk lacks capacity, feedback will be given by the Local Authority to them and anyone who is acting in their best interests (for example a family member, attorney or court appointed deputy), unless they are implicated in the allegation.

## **10. Strategy meetings**

The Local Authority Adult Social Care Department can decide that there is a need for a strategy meeting. It should be anticipated that the Alerting Manager (Safeguarding adults lead) from The Rise School & Sixth Form will be invited to attend.

At the meeting the following should be discussed:

- The wishes of the adult at risk;
- Whether an investigation will take place, and if so, how it should be conducted and by whom;
- A risk assessment;
- An interim protection plan;
- A clear record of the decisions;
- A record of what information is shared;
- An investigation plan with timescales;
- A communication strategy;
- Whether a child (under 18 years) may be at risk - if so there will be a referral to Children's social care.

The strategy discussion or meeting should take place before any investigation; the exception to this is if a police investigation is required to gather evidence. The Rise School & Sixth Form should not begin an investigation prior to a decision by the multi- agency strategy meeting or discussion.

## **Outcomes of strategy meeting**

There are a wide range of possible outcomes that can come from a strategy meeting, these include:

- That the police are going to investigate - The alerter and the Alerting Manager (Designated Safeguarding Adults Lead) are likely to be interviewed. (If the concerns relate to an The Rise School & Sixth Form staff or volunteer then they will also be interviewed by the police

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

and this could be under caution.)

- That the Local Authority is going to investigate - Again the alerter and the Alerting Manager are likely to be interviewed.
- That The Rise School & Sixth Form lead its own internal investigation - under such circumstances the local authority will require a range of assurances regarding the protection of adults and the robustness of the process being agreed. There will also be an expectation of full, open and transparent feedback to the local authority.

## 11. Investigation

Guidance on investigations can be found in the London Multi Agency Adult Safeguarding Policy and Procedures (June 2019).

## 12. Case Conference

Following any investigation, a case conference is convened by the Local Authority.

The aim of a case conference is to:

- Consider the information contained in the investigating officer's report(s).
- Consider the evidence and, if substantiated, plan what action is indicated.
- Plan further action if the allegation is not substantiated.
- Plan further action if the investigation is inconclusive.
- Consider what legal or statutory action or redress is indicated.
- Make a decision about the levels of current risks and a judgement about any likely future risks
- Agree a protection plan.
- Agree how the protection plan will be reviewed and monitored.

### Possible outcomes for the adult at risk

- Increased monitoring.
- Removal from property/support, advice, services.
- Assessment/services.
- Application to Court of Protection.
- Application to change appointeeship.
- Referral to advocacy service.
- Referral to counselling services.
- Guardianship/use of Mental Health Act 2007.
- Review of self-directed support.
- Restriction/management of access.
- Referral to MARAC (London based domestic violence units).
- No further action.
- Other.

### Possible outcomes for the person alleged to have caused harm

- Criminal prosecution/formal caution.
- Police action.
- Assessment/services.
- Removal from property/support, advice, services.
- Management of access to adult at risk.
- Referral to the Disclosure and Barring Service.
- Disciplinary action.
- Action by OFSTED.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

- Continued monitoring.
- Counselling/training.
- Referral to court-mandated treatment.
- Action under Mental Health Act 2007.
- Exoneration.
- No further action.
- Other.

### Protection Plans and reviews

One outcome of a case conference is the agreement of a protection plan. This could mean that The Rise School & Sixth Form is requested to provide additional services, monitoring or support as part of the plan. Staff involved with the plan and the adult at risk should have a good understanding as to what the plan involves and the Alerting Manager (Safeguarding Adults Lead) should have a written copy of the plan.

The protection plan should be reviewed by the convening of a review meeting.

### Closing a safeguarding adults at risk process

The Safeguarding Adults process may be closed at any stage if it is agreed that an on-going investigation is not needed or if the investigation has been completed and a protection plan is agreed and put in place.

In most cases a decision to close the Safeguarding Adults process is taken at the case conference or at a protection plan review. The Safeguarding Adults process may close, but other processes may continue, for example, a disciplinary or professional body investigation.

### 13. Workplace arrangements

If the above procedures relate to a member of staff or volunteer, a decision will need to be made as to whether the member of staff should remain in the workplace or whether they should be suspended until the investigation is resolved. If the member of staff remains in the workplace, safeguards will be put in place to protect the member of staff and the adult at risk involved. The member of staff will be advised to contact their union representative or the Staff Council.

The Rise School & Sixth Form will provide support as appropriate. The senior member of staff will keep both the member of staff, the adult at risk and, if appropriate the parent/carers, up to date with regard to timescales of meetings and the procedures being put in place.

If The Rise School & Sixth Form decides that suspension is necessary, then this will be done without prejudice. Suspension should be considered without delay if it is indicated that:

- A staff member has behaved in a way that may have, or has, harmed an adult.
- A staff member has possibly committed an offence against, or related, to an adult or child
- A staff member has behaved towards an adult/child in a way which indicates she/he is now unsuitable to work with adults at risk or children.
- The Adult Social Care Department or the police are advising suspension.

No formal internal inquiry can start until the police have concluded their processes. Agreement should be obtained in writing from the Local Authority that an internal inquiry can commence.

At each stage the Alerting Managers will need to take HR advice, keep the staff member updated (following agreement with the Local Authority) and keep the adult at risk (and where appropriate the family of the adult) updated (again following agreement with the Local Authority).

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

#### 14. Notifying the Disclosure & Barring Service and professional bodies

If a staff member is dismissed because of abuse concerns, then Ambitious about Autism has a legal duty to formally notify the Disclosure & Barring Service (DBS). This also applies if a member of staff resigns as a result of safeguarding concerns being raised. The referral process is fully detailed on the DBS website.

If a staff member is dismissed or resigns because of abuse/neglect concerns, The Rise School & Sixth Form has a duty to formally notify the relevant regulatory body, for example the Teaching Regulation Agency (TRA), Health & Care Professions Council (HCPC).

#### 15. Training and Implementing Safeguarding Policy and Procedures

The Alerting Manager (Safeguarding Adults Lead) will ensure that all parents/ carers have access to the policy and procedures and an understanding that The Rise School & Sixth Form has a duty to inform the Adult Social Care Department or the Police, if there are concerns about abuse.

The Rise School & Sixth Form will ensure that all relevant staff and volunteers have access to all policies and procedures relating to adult safeguarding and will have access to refresher training every two years. All staff and volunteers must have effective training on the recognition of abuse and neglect and how to respond to such concerns.

All new staff will, as part of their induction, be asked to read, and then discuss in supervision, their understanding of the procedures. All new staff/volunteers in the school/sixth form will have a briefing from the Head of school /Principal OR Director of Education on the procedures and the role of the Alerting Manager (Safeguarding adults lead); all new staff in The Rise School & Sixth Form who are not part of the school will have a similar briefing from the Charity Lead and/or Chief Executive. Senior managers will put in place a process for ensuring all temporary members of staff are briefed on the safeguarding procedures as they start in post.

#### 16. Other issues

Restraint and physical abuse

Unlawful or inappropriate use of restraint or physical intervention and/or deprivation of liberty is physical abuse. There is a distinction to be drawn between restraint, restriction and deprivation of liberty. A judgement as to whether a person is being deprived of liberty will depend on the particular circumstances of the case, taking into account the degree of intensity, type of restriction, duration, the effect and the manner of the implementation of the measure in question. In extreme circumstances, unlawful or inappropriate use of restraint may constitute a criminal offence. Someone is using restraint if they use force, or threaten to use force, to make someone do something they are resisting, or where a person's freedom of movement is restricted, whether they are resisting or not. Restraint covers a wide range of actions. It includes the use of active or passive means to ensure that the person concerned does something, or does not do something they want to do, for example, the use of keypads to prevent people from going where they want from a closed environment. Appropriate use of restraint can be justified to prevent harm to a person who lacks capacity, as long as it is a proportionate response to the likelihood and seriousness of the harm. Ambitious about Autism has in place internal procedures covering the use of physical interventions and restraint incorporating best practice guidance and the Mental Capacity (Amendment) Act 2019, Mental Capacity Act Code and the Deprivation of Liberty Safeguards (DoLS) in respect of adults. DoLS is expected to be replaced by the Liberty Protection Safeguards in 2020.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

The transition to adult life can be impeded not only by a disability, such as autism, but also by parents', carers' and providers' responses and methods of coping/responding to the manifestations of behaviours that can arise with the condition of autism.

The coping strategies that worked for a child of 8 or 9 are not likely to be appropriate when the young person is 16 or 18 years old. It is likely that some coping strategies may not only be inappropriate for an adult, but are open to misinterpretation and may lead to a young adult with autism being more vulnerable to abuse.

It is therefore essential that parents, carers, staff work collaboratively with young people and young adults with autism to develop safe strategies which are less likely to be misinterpreted or open to abuse.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

## Appendix 1: Definitions of abuse and recognising signs and indicators of abuse

### Definitions

Adult abuse and neglect are described in the guidance in terms of the following categories:

- Physical
- Domestic
- Sexual
- Psychological
- Financial or material
- Radicalisation
- Modern slavery
- Discriminatory
- Organisational
- Neglect and acts of omission
- Self-neglect

### Physical abuse

Examples of physical abuse or assault are hitting, pushing, pinching, shaking, misusing medication, scalding, the illegal use of restraint, inappropriate sanctions, and exposure to heat or cold and not giving adequate food or drink.

### Domestic Abuse

This is defined as an incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse by someone who is or has been an intimate partner or family member regardless of gender or sexuality. This might include psychological, sexual, financial, emotional and so called 'honour' abuse and forced marriage.

### Sexual abuse

Sexual abuse/assault includes the direct or indirect involvement of the adult at risk in sexual activity or relationships which:

- They do not want or have not consented to.
- They cannot understand and lack the mental capacity to be able to give consent to.
- They have been coerced into, because the other person is in a position of trust, power or authority (for example, a care worker).
- They may have been forced into sexual activity with someone else or may have been required to watch sexual activity.
- Sexual relationships or inappropriate sexual behaviour between a member of staff and a service user are always abusive and will lead to disciplinary proceedings. This is additional to any criminal action that has been taken. A sexual relationship between the service user and a care worker is a criminal offence under Sections 38–42 of the [Sexual Offences Act 2003](#).

### Psychological/emotional abuse

This is behaviour that has a harmful effect on the person's emotional health and development or any form of mental cruelty that results in:

### Mental distress

The denial of basic human and civil rights such as self-expression, privacy and dignity  
Negating the right of the adult at risk to make choices and undermining their self esteem  
Isolation and over-dependence that has a harmful effect on the person's emotional health, development or well-being.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

It is the wilful infliction of mental suffering by a person who is in a position of trust and power to an adult at risk. Psychological/emotional abuse results from threats of harm or abandonment, being deprived of social or any other sort of contact, humiliation, blaming, controlling, intimidation, coercion and bullying. It undermines the adult's self-esteem and results in them being less able to protect themselves and exercise choice. It is a type of abuse that can result from other forms of abuse and often occurs at the same time as other types of abusive behaviour. Behaviour that can be deliberately linked to causing serious psychological and emotional harm may constitute a criminal offence.

### **Financial abuse**

Financial abuse is a crime. It is the use of a person's property, assets, income, funds or any resources without their informed consent or authorisation. It includes:

- Theft
- Fraud
- Exploitation
- Undue pressure in connection with wills, property, inheritance or financial transactions
- The misuse or misappropriation of property, possessions or benefits
- The misuse of an enduring power of attorney or a lasting power of attorney, or appointeeship

### **Radicalisation/ Prevent**

Radicalisation refers to the process through which people may be drawn into extremism and ultimately into terrorist activities. It is recognised that children and vulnerable adults can be more at risk of radicalisation. Radicalisation is comparable to other forms of grooming and exploitation. Through the Prevent and Contest strategies and the passing of the [Counter Terrorism and Security Act 2015](#) radicalisation has now been included within the Safeguarding definitions for children and vulnerable adults. It is part of the Safeguarding function to identify those at risk of being drawn into radicalisation and act in accordance with the [Channel Duty guidance 2015](#), by working with the local Channel panels to assess and protect individuals wherever possible.

### **Modern Slavery**

This encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use coercion and deception to force people into a life of abuse or servitude. There have been a number of cases tried where the victim has been an adult with learning disability.

### **Neglect and acts of omission**

Neglect is the failure of any person who has responsibility for the charge, care or custody of an adult at risk to provide the amount and type of care that a reasonable person would be expected to provide. Behaviour that can lead to neglect includes: ignoring medical or physical needs; failing to allow access to appropriate health, social care and educational services; and withholding the necessities of life such as medication, adequate nutrition, hydration or heating.

Neglect can be intentional or unintentional - intentional neglect would result from:

- Wilfully failing to provide care
- Wilfully preventing the adult at risk from getting the care they needed
- Being reckless about the consequences of the person not getting the care they need.

If the individual committing the neglect is aware of the consequences and the potential for harm to result due to the lack of action(s), then the neglect is intentional in nature. Unintentional neglect could result from a carer failing to meet the needs of the adult at risk because they do not understand the needs of the adult at risk, may not know about services that are available or because their own needs prevent them from being able to give the care the person needs. It may

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

also occur if the individuals are unaware of, or do not understand the possible effect of the lack of action on the adult at risk.

### **Discriminatory abuse**

Discriminatory abuse exists when values, beliefs or culture result in a misuse of power that denies opportunity to some groups or individuals. It can be a feature of any form of abuse of an adult at risk, but can also be motivated because of age, gender, sexuality, disability, religion, class, culture, language, 'race' or ethnic origin. It can result from situations that exploit a person's vulnerability by treating the person in a way that excludes them from opportunities they should have as equal citizens, for example, education, health, justice and access to services and protection.

### **Organisational abuse**

Organisational abuse is the mistreatment or abuse or neglect of an adult at risk by a regime or individuals within settings and services that adults at risk live in or use, that violate the person's dignity, resulting in lack of respect for their human rights. Institutional abuse occurs when the routines, systems and regimes of an institution result in poor or inadequate standards of care and poor practice which affects the whole setting and denies, restricts or curtails the dignity, privacy, choice, independence or fulfilment of adults at risk. Institutional abuse can occur in any setting providing health, education and social care. A number of inquiries into care in residential settings have highlighted that institutional abuse is most likely to occur when staff:

- receive little support from management
- are inadequately trained
- are poorly supervised and poorly supported in their work
- receive inadequate guidance.

The risk of abuse is also greater in institutions:

- with poor management
- with too few staff
- which use rigid routines and inflexible practices
- which do not use person-centred care plans
- where there is a closed culture.

### **Self- neglect**

Is defined as behaviour that results in neglecting to care for one's personal hygiene, health or surroundings and may include such behaviour as hoarding.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

## Appendix 2: Outline to the Mental Capacity Act and Safeguarding

(NB *this section will be updated when aspects of the Mental Capacity (Amendment) Act 2019 come into force in 2020*)

### Mental capacity

The presumption in the Act is that adults have mental capacity to make informed choices about their own safety and how they live their lives. Issues of mental capacity and the ability to give informed consent are central to decisions and actions in Safeguarding Adults. All interventions need to take into account the ability of adults to make informed choices about the way they want to live and the risks they want to take.

This includes their ability:

- To understand the implications of their situation.
- To take action themselves to prevent abuse.
- To participate to the fullest extent possible in decision making about interventions.

The Mental Capacity Act 2005 provides a statutory framework to empower and protect people who may lack capacity to make decisions for themselves, and establishes a framework for making decisions on their behalf. This applies whether the decisions are life-changing events or everyday matters. All decisions taken in the Safeguarding Adults process must comply with the Act. The Act says that: '... a person lacks capacity in relation to a matter if at the material time he is unable to make a decision for himself in relation to the matter because of an impairment of, or disturbance, in the functioning of the mind or brain'.

Further, a person is not able to make a decision if they are unable to:

- Understand the information relevant to the decision or;
- Retain that information long enough for them to make the decision or;
- Use or weigh that information as part of the process of making the decision or;
- Communicate their decision (whether by talking, using sign language or by any other means as muscle movements, blinking an eye or squeezing a hand).

Mental capacity is time and decision-specific. This means that a person may be able to make some decisions but not others at a particular point in time. For example, a person may have the capacity to consent to simple medical examination but not to major surgery. Their ability to make a decision may also fluctuate over time.

### Principles of the Mental Capacity Act 2005

Any person from the age of 16 (the age at which the Mental Capacity Act applies) at risk has the right to make their own decisions and must be assumed to have capacity to make decisions about their own safety unless it is proved (on a balance of probabilities) otherwise:

- Adults at risk must receive all appropriate help and support to make decisions before anyone concludes that they cannot make their own decisions.
- Adults at risk have the right to make decisions that others might regard as being unwise or eccentric and a person cannot be treated as lacking capacity for these reasons.

Decisions made on behalf of a person who lacks mental capacity must be done in their 'Best Interests' and on the basis of a 'Reasonable Belief' and should be the least restrictive of their basic rights and freedoms.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

### Ill treatment and wilful neglect

An allegation of abuse or neglect of an adult at risk who does not have capacity to consent on issues about their own safety will always give rise to action under the Safeguarding Adults process and subsequent decisions made in their best interests in line with the Mental Capacity Act and Mental Capacity Act *Code* as outlined above. Section 44 of the Act makes it a specific criminal offence to wilfully ill-treat or neglect a person who lacks capacity.

### Consent

It is always essential in safeguarding to consider whether the adult at risk is capable of giving informed consent. If they are, their consent should be sought. This may be in relation to whether they give consent to:

- An activity that may be abusive – if consent to abuse or neglect was given under duress, for example as a result of exploitation, pressure, fear or intimidation, this apparent consent should be disregarded.
- A Safeguarding Adults investigation may go ahead in response to a concern that has been raised. Where an adult at risk with capacity has made a decision that they do not want action to be taken and there are no public interest or vital interest considerations, their wishes must be respected. The person must be given information and have the opportunity to consider all the risks and fully understand the likely consequences of that decision over the short and long term, also;

The recommendations of an individual protection plan being put in place:

- A medical examination.
- An interview.
- Certain decisions and actions taken during the Safeguarding Adults process with the person or with people who know about their abuse and its impact on the adult at risk.

If, after discussion with the adult at risk who has mental capacity, they refuse any intervention, their wishes will be respected *unless*:

- There is a public interest, for example, not acting will put other adults or children at risk.
- There is a duty of care to intervene, for example, a crime has been or may be committed.

**Deprivation of Liberty Safeguards (DoLS)** (expected to be replaced by the Liberty Protection Safeguards in 2020)

DoLS, which is integrated as an amendment into the Mental Capacity Act (as a result of the so called Bournemouth Judgment), apply to people from the age of 18 who have a mental disorder and who do not have mental capacity to consent to their liberty being restricted or removed.

At present the obtaining of local authorisation to deprive someone who lacks capacity of their liberty is reserved to those in a hospital, residential setting and, since new case law made in 2014, to supported living settings. Other regulated settings such as schools and sixth forms are expected to be aware of the principals of the Safeguards. Care homes must make applications to a Local Authority for authorisation to deprive someone of their liberty if they believe it is in their best interest. Hospitals must similarly make requests to their CCG. Where the grounds are met for the authorisation the authorising body may issue a certificate lasting up to 12 months, thereby lawfully permitting the deprivation of liberty of that individual. All decisions on care and treatment must comply with the Mental Capacity Act and the Mental Capacity Act *Code*.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

The Care Quality Commission (CQC) has also issued guidance for providers of registered care and treatment services on DoLS. Reference should be made to the relevant Local Authority or health trust/CCG for procedures relating to DoLS. The fundamental test rests upon whether depriving an adult of their liberty is consistent with a best interests decision.

It is to be noted that in any other setting, such as a sixth form or a day care setting, authority to deprive an individual who lacks capacity of their liberty can ONLY be authorised by the Court of Protection. A deprivation of liberty in the absence of a DoL certificate or an order from the Court of Protection would be likely to be regarded as a criminal offence.

The threshold at which the degree of control of an individual may be regarded as being a deprivation of liberty is defined by case law (so may change) and is confined to: using force to admit someone who lacks capacity to an institution, complete and effective control over care and movement, control over contacts and residence, preventing someone electively leaving a setting, refusal to permit carers to remove the person from a setting, denial of social contacts and where autonomy is lost through continuous supervision and control.

### **Advocates**

The Local Authority lead should consider whether an adult at risk may benefit from the support of an independent advocate. There are two distinct types of advocacy – instructed and non-instructed – and it is important that people involved in the Safeguarding Adults process are aware of which type of advocate is representing the person and supporting them to express their views. Instructed advocates take their instructions from the person they are representing. For example, they will only attend meetings or express views with the permission of that person.

Non-instructed advocates work with people who lack capacity to make decisions about how the advocate should represent them. Non-instructed advocates independently decide how best to represent the person. Advocates should be invited to the strategy meeting or case conference, either accompanying the adult at risk or attending on their behalf, to represent the person’s views and wishes. Instructed advocates would attend only with the permission of the adult at risk.

### **Independent mental capacity advocates (IMCAs)**

IMCAs provide one type of non-instructed advocacy. Their role was established by the Mental Capacity Act 2005 to provide a statutory safeguard mainly for people who lack capacity to make important decisions and who do not have family or friends who can represent them to do so. IMCAs have a statutory role in the Safeguarding Adults process.

There is a legal requirement to make a decision about instructing an IMCA for an adult at risk who is the focus of Safeguarding Adults processes where they lack capacity to make decisions about their safety. IMCA instruction may be unnecessary if the adult at risk has adequate alternative independent representation. This could be from another advocate, or from family or friends. It is good practice for the Local Authority lead to make a decision about the need for IMCA instruction and, if required, to make the instruction to the local IMCA provider. Before making an instruction to an IMCA for Safeguarding Adults, it is necessary to assess the person as lacking capacity for consenting to at least one protective measure which is either being considered or has been put in place. Examples of protective measures may include (but are not limited to):

- Restrictions on contact with certain people.
- Temporary or permanent moves of accommodation.
- The police interviewing the person or collecting forensic evidence which may support prosecution.
- Increased support or supervision.
- An application to the Court of Protection.
- Restrictions on accessing specific services and/or places.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

- Access to counselling or psychology with the aim of reducing the risk of further abuse.

### **Court of Protection**

The Court of Protection deals with decisions and orders affecting people who lack capacity. The court can make major decisions about health and welfare, as well as property and financial affairs. The court has powers to:

- Decide whether a person has capacity to make a particular decision for themselves.
- Make declarations, decisions or orders on financial and welfare matters affecting people who lack capacity to make such decisions.
- Appoint deputies to make decisions for people lacking capacity to make those decisions.
- Determine DoLs matters where certification is not permitted.
- Decide whether a lasting power of attorney or an enduring power of attorney is valid.
- Remove deputies or attorneys who fail to carry out their duties.

In most cases decisions about personal welfare will be able to be made legally without making an application to the court, as long as the decisions are made in accordance with the core principles set out in the Mental Capacity Act 2005 and the best interests checklist and any disagreements can be resolved informally.

However, it may be necessary and desirable to make an application to the court in a safeguarding situation where there are:

- Particularly difficult decisions to be made.
- Disagreements that cannot be resolved by any other means.
- On-going decisions needed about the personal welfare of a person who lacks capacity to make such decisions for themselves.
- Matters relating to property and/or financial issues that need to be resolved.
- Serious healthcare and treatment decisions, for example, withdrawal of artificial nutrition or hydration.
- Concerns that a person should be moved from a place where they are believed to be at risk.
- Concerns or a desire to place restrictions on contact with named individuals because of risk or where proposed Safeguarding Adults actions may amount to a deprivation of liberty outside of a care home, supported living setting or hospital.

### **Office of the Public Guardian (OPG)**

The OPG was established under the Mental Capacity Act to support the Public Guardian and to protect people lacking capacity by:

- Setting up and managing separate registers of lasting powers of attorney, of enduring powers of attorney and of court-appointed deputies
- Supervising deputies
- Sending Court of Protection visitors to visit people who lack capacity and also those for whom it has formal powers to act on their behalf
- Receiving reports from attorneys acting under lasting powers of attorney and deputies
- Providing reports to the Court of Protection the OPG may be involved in Safeguarding Vulnerable Adults in a number of ways, including:
  - Promoting and raising awareness of legal safeguards and remedies, for example, lasting powers of attorney and the services of the OPG and the Court of Protection.
  - Receiving reports of abuse relating to vulnerable adults ('whistle blowing').
  - Responding to requests to search the register of deputies and attorneys (provided free of charge to local authorities and registered health bodies).
  - Investigating reported concerns, on behalf of the Public Guardian, about the actions of a deputy or registered attorney, or someone acting under a single order from the court.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

- Working in partnership with other agencies, including adult care social services and the police.

### **Investigations undertaken by the OPG**

The OPG can carry out an investigation into the actions of a deputy, of a registered attorney (lasting powers of attorney or enduring powers of attorney) or someone authorised by the Court of Protection to carry out a transaction for someone who lacks capacity, and report to the Public Guardian or the court.

How the investigation is carried out will depend on the particular circumstances, but will typically involve contact with people and agencies that have contact with the person.

Family and friends and other relevant people who are not implicated in the allegation of abuse often have an important part to play in the Safeguarding Adults process and provide valuable support to the individual and to manage the risk. If appropriate and possible, and where the adult at risk has mental capacity and gives their consent and there are no evidential constraints; family and friends should be consulted. If the adult does not have mental capacity, family and friends must be consulted under the Mental Capacity Act 2005.

### **Vital interest**

If the adult at risk has the mental capacity to make informed decisions about their safety and they do not want any action to be taken, this does not preclude the sharing of information under Safeguarding Adults procedures with relevant professional colleagues. This is to enable professionals to assess the risk of harm and to be confident that the adult at risk is not being unduly influenced or intimidated, and is aware of all the options. This will also enable professionals to check the safety and validity of decisions made. It is good practice to inform the adult at risk that this action is being taken unless doing so would increase the risk of harm.

### **Best interest**

If an adult at risk lacks capacity to make informed decisions about maintaining their safety and they do not want any action to be taken, professionals have a duty to act in their best interests under the Mental Capacity Act 2005. This would automatically trigger a Safeguarding Adults referral.

### **Public interest**

If the adult at risk has the mental capacity to make informed decisions about maintaining their safety and they do not want any action to be taken, practitioners have a duty to share the information with relevant professionals to prevent harm to others. This will automatically trigger a Safeguarding Adults referral.

### **Personal decisions**

The adult at risk will have views about what is an acceptable level of risk to them and about balancing the risks in order to maintain the lifestyle or contacts they wish. There may be a balance to be struck between the benefits of achieving safety and the loss of contact with someone whom they value. A person with mental capacity may choose to live in a situation which is seen as unsafe by professionals, if the alternatives they are being offered are unacceptable to them. They do not, however, have a right to make decisions about the protection other people may need where they may also be at risk from the same person, service or setting.

Adults at risk need to be able to make informed choices from the information they are given. In order to do this they may need support in a variety of ways such as the help of a family member or friend (as long as they are not the person alleged to have caused the harm), an advocate or IMCA, a language interpreter or other communication assistance or aid.

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

### Appendix 3: Hounslow Adult Social Care useful numbers

#### Hounslow Adult Social Care useful numbers:

For The Rise School, if the concern is about an adult who lives in Hounslow or about the possibly abusive conduct and behaviour of staff or volunteers, then the following numbers should be used:-

If the danger is immediate, always call the police on their emergency number	999
Safeguarding Adults Referral and Advice Line (office hours)	020 8583 3100
Safeguarding Adults Referral and Advice Line (out of hours)	020 8583 2222
Community Safety Unit (24 hours)	020 8583 2000
Police - Criminal Investigation Department (CID) (evenings and weekends)	020 8247 6651

#### Islington Adult Social Care useful numbers:

If there is a concern about a young people enrolled on our Supported Internship programme or about the possibly abusive conduct and behaviour of staff or volunteers, then the following numbers should be used:-

If the danger is immediate, always call the police on their emergency number	999
Safeguarding Adults Referral and Advice Line (office hours)	020 7527 2299
Safeguarding Adults Referral and Advice Line (out of hours)	020 7226 0992
Community Safety Unit (24 hours)	020 7527 7272
Police - Criminal Investigation Department (CID) (evenings and weekends)	020 7704 1212

Policy Owner	Director of Education	Review Date:	December 2022
Policy No.	001c	Version No.	3.0

## Appendix 4: Checklist for preparing to make a referral

### Details of the referrer

- Name, address and telephone number.
- Relationship to the adult at risk.
- Name of the person raising the alert if different.

### Details of the adult at risk

- Name(s), address and telephone number.
- Date of birth, or age.
- Details of any other members of the household including children.
- Information about the primary care needs of the adult, that is, disability or illness
- Funding authority, if relevant.
- Ethnic origin and religion.
- Gender (including transgender and sexuality).
- Communication needs of the adult at risk due to sensory or other impairments including any interpreter or communication requirements.
- Whether the adult at risk knows about the referral.
- Whether the adult at risk has consented to the referral and, if not, on what grounds the decision was made to refer.
- What is known of the person's mental capacity and their views about the abuse or neglect and what they want done about it (if that is known at this stage).
- Details of how to gain access to the person and who can be contacted if there are difficulties.

### Information about the abuse, neglect or physical harm

- How and when did the concern come to light?
- When did the alleged abuse occur?
- Where did the alleged abuse take place?
- What are the details of the alleged abuse?
- What impact is this having on the adult at risk?
- What is the adult at risk saying about the abuse?
- Are there details of any witnesses?
- Is there any potential risk to anyone visiting the adult at risk to find out what is happening?
- Is a child (under 18 years) at risk?

### Details of the person causing the harm (if known)

- Name, age and gender.
- What is their relationship to the adult at risk?
- Are they the adult at risk's main carer?
- Are they living with the adult at risk?
- Are they a member of staff, paid carer or volunteer?
- What is their role?
- Are they employed through a personal budget?
- Which organisation are they employed by?
- Are there other people at risk from the person causing the harm?
