

Educational visits, including Learning Outside the Classroom, outings & off-site learning

1. Objectives

- 1.1 The Rise School is committed to extending the experience and achievement of all our pupils in the broadest sense possible; one key element of this is to ensure a variety of visits, outings and off-site learning opportunities for each pupil.
- 1.2 Every young person should experience the world beyond the classroom as an essential part of learning and personal development, whatever their age, ability or circumstances. These often are the most memorable learning experiences, help us to make sense of the world around us by making links between feelings and learning. They allow us to transfer learning experienced outside the classroom and into the community.
- 1.3 Learning outside the classroom is about raising achievement through an organised, powerful approach to learning in which direct experience is of prime importance. This is not only about what we learn but importantly how and when we learn.
- 1.4 Aims and purposes of Educational Visits:
- 1.5 The Rise School has a strong commitment to the added value of learning outside the classroom, some of which takes place beyond the statutory day and beyond the school premises. Each year The Rise School will arrange a number of educational visits and activities that take place off the site and/or out of hours, which support the aims values of the school.
- 1.6 The range of opportunities and activities are outlined in the school prospectus along with the criteria by which pupils are able to access them. The Governing Body has given its approval to the following types of activities being arranged in support of the educational aims of the school:
 - Out of hours clubs (music, drama, art, science, sport, homework, etc.)
 - Regular local visits (village halls, libraries, shops, parks and woodlands, places of worship, farms)
 - Day visits for particular year groups
 - Residential visits
 - Adventurous activities, which might be classed as higher risk

2. What is an educational visit?

- 2.1 Each trip or visit must have clear educational objectives and must be made available to the appropriate group of pupils (e.g. class, year group, gifted and talented etc.) by invitation from the trip co-ordinator.

Policy Owner	Head of School	Review Date:	October 2023
Policy No.	105	Version No.	2.0

- 2.2 Reward trips and visits may also form part of the Learning outside the class room excursions only when paired with clear educational objectives to support interaction with the local community, using transport, road safety and being a citizen of the community. Residential trips and visits are all directly linked to the delivery of the school curriculum.
- 2.3 Educational visits may be to a recognised place of importance or interest linked to a specific curriculum area for example: Windsor Castle (History), Durdle Door (Geography). These visits will bring to life the concepts and elements being taught and will usually be accessed by mini bus or public transport. An educational visit may be organised in partnership with another primary school locally or in conjunction with Spring West Academy for our secondary school pupils.

3. What is an educational outing?

- 3.1 These outings will address both the depth of subject learning and the challenges our pupils face with accessing their local community.

4. What is off-site learning?

- 4.1 Some of the pupils at The Rise School will access off-site learning, with the support of our staff, within other mainstream schools. For our primary school pupils this may involve accessing a topic/theme at a local school for specific lessons each week. Our secondary school pupils will access a proportion of their timetabled lessons in Spring West Academy. The purpose of this approach is to facilitate mainstream opportunities in preparation for later life.

5. Roles & responsibilities

- 5.1 The Governing Body monitors educational trips and activities annually to ensure that they enrich the curriculum.
- 5.2 The governing body has a statutory duty to ensure that the necessary provision is made for the safeguarding, protection, health and safety of our pupils. The governors oversee the school's provision and report annually on these areas.

The role of the head teacher

- 5.2 The head teacher has responsibility for the day to day management of all aspects of the school's work including ensuring the safeguarding, protection, health and safety of our pupils. They share responsibility with the governing body for developing and implementing the policy and procedure for educational visits, outings and off-site learning. They work closely with the class teachers and keep the governing body informed of this area of the school's development through the termly report to governors.
- 5.3 The head teacher may nominate a senior leadership team member or middle leader as per DCSF Guidance as the Educational Visits Co-ordinator (EVC). The Governing Body has also delegated the consideration and approval of educational visits and other offsite activities to the EVC, and will be the nominated signatory, as necessary, on behalf of the Governing Body.

Policy Owner	Head of School	Review Date:	October 2023
Policy No.	105	Version No.	2.0

The head teacher or EVC will report:

- number of visits and outings
- number of pupils engaged in off-site learning
- exceptional feedback.

The role of the staff team

5.4 All members of staff will be required to support visits, outings and off-site learning. Staff will follow the schools policies and procedures and will attend all training designed to ensure they are competent to fulfil this role.

6. Guidelines

Approval Procedure and Consent

- 6.1 All trips must gain approval by members of the Senior Leadership team and EVC before any organisation commences, the Trip co-ordinator must complete and submit a Proposal Form (see Appendix 1). Following approval a checklist is available to help staff plan trips (see Appendix 2).
- 6.2 All trips or visits must gain approval from the head teacher or EVC and a Risk assessment completed on EVOLE (see Appendix 3) before it takes place.
- 6.3 Where external contractors are involved in organising all or part of the visit the contract will be made with The Rise School on behalf of the pupils. All payments for the visit will be made through the The Rise School's accounts via Parent Pay and the school may charge parents appropriately for the cost of any trip/visit.
- 6.4 Funding for off-site activities is provided mainly by parental contributions. This must be made clear to parents in all correspondence about an educational visit at the planning stage.
- 6.5 No child may be excluded from an activity because of the unwillingness or inability of the parent to make a contribution. Parents will be informed of this principle through the school prospectus and letters sent home about intended visits.
- 6.6 Any trip or visit will require written parental consent in the form of a signature for a pupil to participate, parents will also be required to sign for medical consent (see Appendix 4).
- 6.7 For any other trip or visit, parents will be asked to sign a letter on an individual trip basis and this must include both participation consent and medical consent. The trip co-ordinator is responsible for the draft letter to be approved by the LOTC Team.
- 6.8 At pupils admissions a letter including a medical section which allows parents to highlight any medical conditions their son/daughter may have. The medical consent will include the following disclaimer that parents must sign to agree to: *'I agree to my son/daughter receiving medication as instructed and any emergency dental,*

Policy Owner	Head of School	Review Date:	October 2023
Policy No.	105	Version No.	2.0

medical or surgical treatment, including anaesthetic or blood transfusion, as considered necessary by the medical authorities present.'

- 6.9 If the trip is to a foreign country, then this medical consent will also be written in the relevant language so that the medical services can be informed of its content.
- 6.10 The trip co-ordinator has the responsibility to ensure that all pupils have written participation and medical consent from their parents.
- 6.11 A parent will be considered to be withdrawing their child from any trip or visit if they do not sign either the participation and/or medical consent.

Risk Assessment

- 6.12 The trip co-ordinator is responsible for completing all risk assessments prior to the trip or visit. These must be completed using Evolve and must include travel to and from the venue, the activities and any individual pupil concerns (see Appendix 3).

Staffing

- 6.13 The Rise School recognises the key role of accompanying staff in ensuring the highest standards of learning, challenge and safety on an educational visit.
- 6.14 Teachers and other staff are encouraged and supported to develop their abilities in organising and managing pupils' learning in a variety of environments through induction, apprenticeship and training. The selection of staff for educational visits will be a key priority in the initial approval of any proposed visit.
- 6.15 The Rise School will ensure that DBS screening is completed for volunteer adults assisting with educational activities and visits. The school will prioritise staff members and volunteers who hold a Disclosure and Barring Service (DBS) disclosure to help supervise the children. Where a volunteer does not hold a DBS check, the lead teacher will plan appropriately so that the volunteer has no unsupervised one-to-one contact with the children at any time during the trip. Those adults accompanying a trip on an overnight stay must have a DBS check.
- 6.16 Each trip will have a minimum of two members of staff so if there is an incident/injury one may have to leave the trip or visit with the other member of staff remaining. At least one of these members of staff must hold a current first aid qualification and where risk identified a minimum of two Team Teach trained members of staff (see Positive Handling Policy).
- 6.17 The staff:pupil ratios will be risk assessed as appropriate for the pupils on the trip.
- 6.18 Staff should follow the instructions of the trip co-ordinator and help with the control and discipline of the pupils. They must also do their best to ensure the health and safety of everyone in the group and act as any reasonable parent would do in the same circumstances. Staff should consider terminating the visit or the activity, notifying the trip co-ordinator or Senior Leadership or EVC, if they think the risk to health and safety of the pupils in their charge is unacceptable.

Policy Owner	Head of School	Review Date:	October 2023
Policy No.	105	Version No.	2.0

- 6.19 Staff on residential trips must ensure that there is no alcoholic consumption whilst on duty.
- 6.20 The Rise School does not support additional people accompanying educational visits who are not pupils at The Rise School or part of the agreed staff or volunteer complement. For events or visits that may include family members, the parental responsibility and duty of care for health and safety of their child will be held with the parent or carer. If there are siblings or additional members of the family under age, they will be under the sole responsibility and duty of care of the parent or carer.
- 6.21 The appointed trip co-ordinator will be fully supported in the tasks required to arrange the visit. This will include, as necessary, making time or finances available to conduct an exploratory visit, briefing teachers and other staff, accessing training courses, reviewing and evaluating the visit or identifying time when the leader and EVC might work in partnership to undertake planning and risk assessments.

7. The Entitlement and Expectation of Pupils and Parents

- 7.1 All pupils have an entitlement to be taken out on educational trips and visits that are linked directly to the curriculum. The Rise School will endeavour to make extra-curricular trips and visits available to all pupils.
- 7.2 Specific circumstances may occur where on the grounds of risk management a 'pupil's entitlement' to go on a trip or visit may be denied. Each case will be judged on the issues at hand and all possible avenues will be looked into to try and rectify the problem or provide reasonable accommodation to support the pupil.
- 7.3 All pupils on trips and visits whether day or residential are bound by The Rise School's code of conduct that they would have to follow at school. On UK residential trips, pupils who behave in an unacceptable manner or pose a significant risk to themselves or others will have their parents contacted to come and collect them. On foreign residential trips and visits, pupils who behave in an unacceptable way will have their parents informed and the appropriate actions taken depending on the circumstance.

8. Emergency Procedures

- 8.1 The Rise School will appoint a member of the Senior Leadership Team as the emergency contact for each visit. All major incidents should immediately be communicated to this person. If there is any accident or incident involving injury or that might attract media attention is to be communicated to the Governing Body Chair and the head teacher without delay.
- 8.2 The trip co-ordinator will leave full details of all pupils and accompanying adults on the visit with the emergency contact if the trip is outside of Greater London and/or the trip is due to return after 6pm or is residential, including the home contact details of parents/guardians and emergency contacts, as appropriate.

Policy Owner	Head of School	Review Date:	October 2023
Policy No.	105	Version No.	2.0

- 8.3 All incidents and accidents occurring on a visit will be reported in accordance with The Rise School systems. The Governing Body Chair and head teacher should also be advised of any serious incidents or accidents.
- 8.4 The Rise School will have emergency funding available to support the trip co-ordinator in any emergency that occurs in the UK or abroad.

9. Evaluation

- 9.1 All visits will be evaluated by the trip co-ordinator and where applicable with the EVC. A short evaluation report will be made available, on request to the Governing Body. Each visit requires planning and lesson objectives/targets for each pupil to be reviewed after each trip or visit.
- 9.2 The trip co-ordinator and EVC will ensure that any risk assessments for the visits or activities are evaluated and/or modified as a result of findings or feedback from the visit.
- 9.3 The trip co-ordinator is responsible for presenting a financial account for the visit which will be audited as part of The Rise School’s procedures.

CONSENT FORM FOR SCHOOL VISITS AND OTHER OFF-SITE ACTIVITIES

BE KIND – BE RESPECTFUL – BE PROUD

19 October 2017

Dear Parent/Guardian,

To support their studies, **Diamonds Class** will be going to **The Science Museum** on **Thursday 23rd November 2017** for the day.

In addition to a tour of the museum, pupils will be able to watch a high definition 3D vision film, with flight simulator motion technology, allowing them to see and feel for themselves what it's like in the cockpit as the 'Reds' fly in amazing close formation and perform solo manoeuvres.

They will also watch the **IMax 3D** production of 'Dream Big: Engineering, our world'. From the Great Wall of China and the world's tallest buildings to underwater robots and solar-powered cars, engineering plays a crucial role in so many of our greatest innovations, hearing inspiring stories of human grit and aspiration as the film reveals how engineers push the limits of innovation to solve problems and create a more sustainable future for us all.

We will travel to the museum using **public transport**, leaving school at **9:00am**. We will return to school at **approximately 2:45pm**.

Pupils need to **bring a packed lunch for the day**, pupils receiving free school meals will be given a packed lunch from the canteen. Pupils should wear standard school uniform.

The cost of this trip is £8. This includes the travel, guided activities and entrance to the museum.

Please complete the permission slip below and return to the class teacher **by Monday 6th November 2017**, making payment for the trip online via ParentPay by **Monday 30th October**. We have a small fund to assist pupils who have difficulty paying for the trip, so please email Susan.Bradley@TheRiseSchool.com in confidence to discuss how we can help you.

Kind Regards,
Sarah Hutchinson
Diamond Class Teacher

I give permission for my child to attend the trip to **The Science Museum, Thursday 23rd November 2017**. I also confirm that the school is aware of any medical conditions or medication my child has/is taking.

GENERAL GUIDANCE re-medical needs

1. Check the medical conditions register for each pupil, found in SIMS.
2. All pupils who require or may require medication in an emergency during the school day must have a medication permissions and record forms completed.
3. Administration of medication - The Rise School staff take responsibility. Additional training maybe required for The Rise School staff to administer medication. This includes ADHD medication as it is a controlled drug, and emergency medication including epi-pens for anaphylaxis and buccal midazolam for epilepsy. These medications require a protocol to be in place before administration, including signatures from the GP and Parent, and individual training delivered by a qualified specialist trainer, which will take at least 2 weeks or longer to organise.
4. A qualified first aider must be present for the duration of the trip.

Offsite and Residential Trips Pupil Code of Conduct

1. The Pupil Code of Conduct, which must be adhered to by all pupils taking part in School trips organised by or on behalf of The Rise School, is set out below. Acceptance of participation on a school trip implies acceptance by both parents/carers and pupils of the Code of Conduct as a condition of the agreement for the trip.
2. Normal School rules apply for the duration of the trip except as amended below. These will be interpreted sensibly in the light of the particular activity and local conditions. Behaviour must always reflect the high standards demanded at The Rise School.
3. Standards of dress must be appropriate to the activity and occasion. Specific guidelines on clothing and the standard of dress required for a particular trip will be issued by the organiser if necessary.
4. When staying in shared accommodation, including hotels, pupils must show consideration for other guests and must observe the rules laid down by their host.
5. The member of staff in charge of the visit must be aware of the pupils' whereabouts.
6. Parents/carers are required to accept responsibility for any damage or costs incurred by their son/ daughter due to his/ her conduct and actions, whether intentional or not. Any claims made by a third party against a pupil, or the school as a result of the pupil's actions, must be met by the parents/carers in the event that they are not covered by insurance.
7. A serious breach of the Code of Conduct or of the normal rules of acceptable behaviour may result in the pupil being sent home at the expense of his/her parents/carers. The decision to send home a pupil is at the discretion of the trip organiser or, where necessary, the senior member of staff accompanying the trip. There is no appeal against this decision and parents/carers will need to either collect their child or pay for their transport home.
8. Pupils are responsible for looking after their own belongings on the trip and any loss or theft of items belonging to pupils will be their responsibility. The Rise School will not be responsible for any losses. Pupils should look after their possessions and refrain from taking with them anything they are not prepared to lose.

Offsite and Residential Trips Emergency Procedure

In the event of an emergency the contact person will normally be the Head teacher, SLT Member or the Education Visits Co-ordinator (EVC), although this may not always be the case. Where this is not possible, for example the Head teacher or EVC may be the party leader, arrangements will need to be made for the Rise School to have a senior member of staff to act in place of the Head teacher.

The EVC and Head teacher should ensure that the emergency plan includes arrangements which:

1. Ensure that all information regarding the emergency is obtained from the Trip/Group leader or other person acting directly for them.
2. Establish a reliable means of communication with the Trip/Group Leader e.g. telephone together with an alternative method if possible e.g. email.
3. Advise the Head teacher if they are not at the time the school contact person or Trip/Group Leader.
4. Obtain assistance, if possible from other members of staff to help in disseminating information.
5. Advise the parents, guardians and next of kin of those directly involved in the emergency.
6. Advise the parents, guardians and next of kin of those others involved.
7. Monitor the situation ensuring that all events, information and action taken are recorded.
8. Trigger a system whereby specialist help, advice and counselling, when needed, is provided.

Do not speak to the press or media. It is important that such communication should only be undertaken by the Head teacher, Chair of Governors, AaAst or designated senior member of staff. In any case staff will most probably be involved in more important activities during any emergency.
