Meeting national curriculum requirement for swimming and water safety

As a result of the coronavirus (COVID-19) outbreak, the collection of swimming and water safety attainment data has been interrupted, therefore no data is held.

Impact of 2019-20 PE and Sports Premium Funding

- A number of autistic pupils have low self-esteem when it comes to PE. This can be exacerbated by their sensory needs or gross motor skills. When pupils join The Rise, they often have a history of refusing to engage with PE in previous settings. However with the bespoke, individualised, well supported curriculum that is delivered at The Rise, there are no PE refusers.
- PE lessons are inclusive for pupils of all abilities rather than less confident pupils completing some of the learning with support adults rather than their peers.
- All pupils are gaining the fundamental life skill of swimming confidently - this is particularly important considering that many of pupils and families struggle to engage in swimming lessons in the community.
- Pupils access a range of high quality sports experiences (including a gym, sailing and skiing) which has contributed to an overall improvement in their attitude towards exercise and fitness.
- From our assessment (which includes formative pre and post unit audit of skill levels and summative PE assessments x 3 a year) there is clear evidence that pupils are gaining in skills and therefore the attainment in PE is rising.

Areas for future expenditure:

The Rise will continue spend PPSG in the following areas:

- Primary Swimming Lessons
- Extra-Curricular activities in Primary
- Learning Outside the Classroom activities for Primary
- Primary P.E lessons
- Playground equipment
- CPD opportunities for staff
